

MAC Laptop Tips for Teachers

If your computer does not access a wireless connection:

1. Ensure that you are near a wireless HUB (There is not wireless access for teachers in every room.)
2. If you are not near one (can't see wireless bars showing), plug in your network cable.
3. Contact Dan Topp if you still have trouble.

If cart printer is not working:

1. Pull power plugs on the "Air Ports" (round plug on left if looking at the back of the "Air Ports").
2. Wait 5 seconds and reconnect.
3. Test Printing.
4. Contact Dan Topp if you still have trouble.

If students cannot connect to the network:

1. Have them restart the computer.
2. If this does not work, contact Dan Topp.
